

March 27, 2025

Deb Autor, Chair  
FDA Alumni Association  
Silver Spring, MD 20993

Dear Ms. Autor,

On behalf of Temple University School of Pharmacy, I want to express my personal thanks and sincere gratitude for your fundraising campaign, raising over \$30,000 in support of the James S. Benson FDA/FDA Centennial Scholarship Fund over the past two years. These funds will directly benefit our RA/QA students and help assure a continuing pipeline of young professionals well-trained in FDA-related regulatory science. With your support, our Endowment for the Benson Scholarship Fund remains on sound footing.

Our collaboration with the FDA Alumni Association over these past two years has raised our nearly two decades-long relationship to a whole new level. We were extremely pleased by the appreciation you shared with Wendy Lebing, our Assistant Dean for the Graduate RA/QA Program, at your Winter Celebration and this past December. And I know that Chris Van Vessem, our Assistant Dean for Development, has greatly enjoyed working with Joe Levitt, FDA's Campaign Chair.

I hope that you or a representative can join us to serve as a Cloaker with other School of Pharmacy donors who support the School as Russell H. Conwell Society members at our annual White Coat Ceremony in September when we welcome the future TUSP Class of 2029 to the profession of Pharmacy. Invitations will be mailed in mid-July. This annual event sponsored by the School of Pharmacy allows our donors to interact directly with scholarship recipients.

Thank you again for your loyal and generous support of Temple University School of Pharmacy.

P.S. If you are in our neighborhood, please do stop by and visit. I would love to meet you.

Sincerely,

S. Suresh Madhavan. MBA. PhD. FAPhA  
Professor and Dean
